

Husqvarna PG 540

The PG 540 (5.5 hp / 4.0 kW) is a powerful, compact and versatile planetary floor grinder perfect for smaller jobs. Available in both single phase and three phase. It combines a smart compact design for easy transportation with real work-horse performance and sheer grinding power. Thanks to the split-chassis design, the PG 540 fits in most standard cars. It's easy to handle, tilt and operate with adjustable weights for extra grinding pressure. Suitable for all applications: floor prep, grinding and polishing. The PG 540 is the compact choice for the HIPERFLOOR™ concrete polishing system. To maximise reliability and reduce maintenance, the vital components of the PG 540 are protected against dust and slurry inside the hermetically sealed grinding head and electrical cabinet.

Motor

Rated input power	4 kW
Rated current	16 A
Voltage	380-415 V
Phases	3
Pins	3P+E

Other

Grinding disc diameter	230 mm
Direction of rotation	Both directions
Number of grinding discs	3

Dimensions

Product size length	1015 mm
Product size width	560 mm
Product size height	735 mm
Weight	178 kg

Features for PG 540

Adjustable grinding pressure

The weights are a must-have for every professional grinder, as they allow to adjust the grinding pressure in the pre-set positions. They also make tilting the machine that much easier.

Hour and RPM meter

Possibility to log operating hours and read the RPM of the machine.

Ergonomic handle

Adjustable handle for better ergonomics

Sealed to last

Sealed grinding head with 1000 hrs service interval. No dust or water can intrude to damage components.

Protected electronics

Dust sealed electrical cabinet with external cooling technology.

Fits into most standard cars

Split-chassis design of the handy PG 540 model makes transportation fast and easy
