

Husqvarna PG 690

The PG 690 is a versatile and powerful floor grinder but still compact enough to pass through a standard door (total width: 26 in / 67 cm). This is the go-to-choice for most grinding jobs, both industrial and commercial, and for users that prefer a non-motorised drive. The planetary drive system and the improved, Husqvarna-unique Dual Drive Technology™ deliver excellent grinding performance and adjustable weights for extra grinding pressure. LED lights are optional. Suitable for all applications: floor prep, grinding and polishing. A good choice for the HiPERFLOOR® concrete polishing system. To maximise reliability and reduce maintenance, the vital components of the PG 690 are protected against dust and slurry inside the hermetically sealed grinding head and electrical cabinet.

Motor

Rated input power	12,5 kW
Rated current	30 A
Voltage	380-415 V
Phases	3
Pins	3P+E

Other

Grinding disc diameter	270 mm
Direction of rotation	Independent FWD/REV direction control on both grinding discs and planetary head.
Number of grinding discs	3

Dimensions

Product size length	1300 mm
Product size width	670 mm
Product size height	1150 mm
Weight	502 kg

Features for PG 690

Adjustable grinding pressure

The weights are a must-have for every professional grinder, as they allow to adjust the grinding pressure in the pre-set positions. They also make tilting the machine that much easier.

Hour and RPM meter

Possibility to log operating hours and read the RPM of the machine.

Ergonomic handle

Adjustable handle for better ergonomics

Sealed to last

Sealed grinding head with 1000 hrs service interval. No dust or water can intrude to damage components.

Protected electronics

Dust sealed electrical cabinet with external cooling technology.

Enhanced Dual Drive Technology™

Husqvarna's unique Dual Drive Technology™ has now even higher disc speed capabilities. It enables you to individually control the speed and direction of the disc rotation and the speed and direction of the grinding head.

Magnetic LED lights

The optional light kit substantially improves visibility of the floor while you grind. Thanks to the magnetic attachments, they are easy to position and adjust.
